

SCIENCE CURRICULUM OVER VIEW

	AUTUMN 1	AUTUMN 2	SPRING 1	SPRING 2	SUMMER 1	SUMMER2	
RECEPTION	Parts of the body – senses Changing Seasons	Changing states – freezing/ cooling/ heating	Animals and their habitats Looking after the environment Changing Seasons	Floating and sinking Plants Shadows and light	Forces – Magnets Pushes and pulls Changing Seasons	Minibeasts Looking at materials and their properties	
YEAR 1	Seasonal change (Across the year)		Animals including humans		Plants	Everyday materials	
YEAR 2	Living things and their habitats	Animals including humans	Everyday uses of materials		Plants		
YEAR 3	Plants	Electricity	Forces and magnets	Sound	Animals including humans		
YEAR 4	Rocks	Animals including humans	Animals including humans	Living things and habitats	Light	States of matter	
YEAR 5 AND 6 Cycle A	Earth and Space Out of this world	Forces	Properties and changing materials	Circle of life Living things and habitats		Staying alive Animals including humans	Health unit
YEAR 5 AND 6 Cycle B	Living things and habitats- classifying critters Micro organisms		Evolution and inheritance	Electricity	Animals including humans- growing pains	Light- let it shine	Health unit

Blue – Chemistry

Red – Physics

Green – Biology
